West Medford

Summer 2017

With the success of our AYC (After School Youth Club), we've extended our afterschool program into the Summer months to continue our mission to be the locus of activity for middle school age children in the surrounding communities.

We are committed to do more, and this Summer, we'll have more programs, more staff and more fun that a barrel of monkeys!

West Medford Community Center

2017 Summer Program

Summer programs have the potential to help children and youth improve their academic outcomes, engage in socially meaningful activities while enjoying the space and freedom in their own community with their peers.

The West Medford Community Center has over 80 years of experience doing just that, serving our community through social, recreational and educational programming. After all, community is our middle name.

Also inquire about our FREE boys and girls basketball leagues!!
